

# **100 Sex Positions with Pictures & Explanations**

## WOMAN ON TOP

speed of it.

**Position No.26:** This position can be called „cow girl“ or „rider“ and this is a very old position of all known sex positions. Man lies on his back with straight legs, woman with her legs bended at the knees and moved a bit back sits on top of man. This position excites most of women, since man is under her total control and she can savor the process, since she is free in her movements and actions. She can sit on the penis straight or lean back, regulate intensity and speed of movements, depth of penetration and

**Position No.27:** In this position man lies on his back, bending legs at the knees and raising knees at the back of woman to support her if she gets tired. Woman with her legs bended at the knees and moved a bit back sits on top of him. The same advantages here as in the previous position.

**Position No.28:** In this position man lies on his back or half sitting, woman in a position of raider with her face towards his legs. She can lie down on his legs.
